SUBJECT: Steubenville Marina Observation Deck Project –
Work to Begin Week of March 17, 2014

STEUBENVILLE - Work will begin during the week of March 17, 2014 on the Steubenville Marina Observation Deck Project. The project proposes to improve the Marina by repaving the existing parking lot and boat ramp located beneath the former Fort Steuben Bridge. The project will also construct a pedestrian bridge to an observation deck atop a Fort Steuben Bridge pier that was left in place after the demolition of the bridge.

The access to the Marina may periodically experience temporary closures or restrictions during the construction project.

Construction bids were received in October of 2013 and the contract was awarded to James White Construction Company for a total contract cost of \$189,994.50. This project is funded by Federal dollars through the Brooke Hancock and Jefferson Planning Commission and State Grant Dollars

The project is scheduled to be completed in July 2014.
