DATE: April 2, 2015

SUBJECT: Buena Vista Blvd Extension Waterline Replacement Project

---

STEUBENVILLE – On Monday, April 6, 2015 at 7:00 A.M. the City of Steubenville will begin the Buena Vista Blvd Extension Waterline Replacement Project. The initial work will involve the contractor to excavate and locate the existing waterline, including service connections.

During this project local access will be maintained, however motorists should allow extra time for their travels due to possible construction delays.

The project street will be posted "NO PARKING" at least one day in advance. If vehicles are left on the street, vehicles will be towed and owners will be responsible for towing and storage fees. We apologize for any inconvenience.

Your anticipated patience and cooperation is greatly appreciated during construction. If you have any questions or concerns please contact Mr. Michael F. Dolak, City Engineer at (740) 283-6000 Ext. 3303.

The City has contracted with S.E.T., Inc. of Lowellville, Ohio to do this project and is funded using the City Water Infrastructure Fund, the Ohio Appalachia Regional Commission (ARC) Fund and the Ohio Public Works Commission Funds.

The project is anticipated to be completed by late June 2015.
