

## Utility Review Board Hearing: July, 2020

**July 14 2020:** Douglas Young—983 McKinley Ave.

Douglas did not show for the scheduled hearing nor call to cancel. Board denied the petition and no further hearing allowed for this Matter.

**July 28, 2020**

**Account:** Jason Ely 209 Canterbury Blvd.

**Dispute:** Jason is disputing high consumption of water. He states that he has checked everything in the house and could not find any water damage. The meter readings show that on June 18<sup>th</sup> & 19<sup>th</sup> there were hours that had continuous water usage then it would stop. Based on past instances this may be a result of a faulty toilet. Jason said that he did not perform a dye test on toilets and he would do that.

**Decision:** The board denied the petition but did request a Leak Adjustment Form be given to Jason for a possible credit to the sewer portion of The bill.
