Dear Owner:

Ohio EPA has received and reviewed your second round of monitoring results for the LT2 Rule that your public water system submitted in accordance with Ohio Administrative Code Rule 3745-81-67(C) for facility ID 4155322. Based on your results, I hereby approve a **Bin Classification of 1** for your public water system.

With a Bin Classification of 1 your water system will not be required to provide additional treatment for *Cryptosporidium* at this time. No action is required on your part at this time as this bin classification is effective on the date shown above.

Please be reminded that, in accordance with OAC 3745-81-67(E)(5), the Director may require additional source water monitoring and/or treatment if significant changes occur in the system's watershed that could lead to increased contamination of the source water by *Cryptosporidium*.

You are hereby notified this action of the Director is final and may be appealed to the Environmental Review Appeals Commission (Commission) pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00 which the Commission, in its discretion, may reduce if by affidavit you demonstrate payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Commission at the following address:

Environmental Review Appeals Commission
30 East Broad Street, 4th Floor
Columbus, Ohio 43215

If you have any questions concerning this bin classification or your responsibilities under these rules, please contact your Southeast District Office representative at: 740-385-8501.

Sincerely,

Craig Butler, Director

ec: DOCC, Southeast District Office, DDAGW
Judy Stottsberry, CO-DDAGW

I certify this to be a true and accurate copy of the official documents as filed in the records of the Ohio Environmental Protection Agency.
