SUBJECT: Valve Replacement Project and Hydrant Replacement Project

---

**STEUBENVILLE** – The Week of April 1, 2019 Crews will be continue to work on main line water valves in the Downtown areas, Labelle, Pleasant Heights, Lincoln Heights and some remaining areas of the West End water service area. Crews will continue to replace fire hydrants in the Downtown area. Motorists are advised to allow extra time for their travels and to use caution when traveling through construction work zones.

Due to the complexity of the Valve Replacement Project all residents in these areas may experience water quality issues such as LOSS OF WATER, LOW WATER PRESSURE, or WATER DISCOLORATION. If you experience any of these conditions Residents are asked to call the Water Filtration Plant at 740-283-6041.

We thank the residents of Steubenville for their patience and understanding throughout this very important project as we work to improve our Water System.
