**FROM: Steubenville Water Department**

**DATE: March 15, 2019**

**SUBJECT: Boil Advisory Lifted**

The City of Steubenville, Water Department is lifting the boil advisory for Pine Valley Drive. The boil Advisory was issued because of complications during Hydrant replacement that occurred the on March 12, 2019.

A sample was collected and taken for lab analysis. Results have come back and indicated there was no contamination as a result of the depressurization and associated repairs, as well as the installation of the new hydrant.

Residents will no longer need to boil the water.

The Water Department regrets any inconvenience this caused. If there are questions, please call the Filtration Plant at (740)283-6041.

Thank you,  
Steubenville Water
