DATE: September 17, 2019

SUBJECT: University Blvd Lane restrictions

STEUBENVILLE – On Wednesday September 18, 2019 and Thursday September 19, 2019 there will be lane restrictions on University Blvd from 7am to 5pm. Contractors will be further excavating a 12 inch main water line within the roadway and will need to restrict traffic to one lane and stop traffic completely at times. This work is necessary to recommission the water line that connects University water line to the Franklin Street water line to provide redundancy to feed the downtown water system. This work will be conducted between Wellesley Extension and Woodlawn Road. This work is part of the Phase I Valve Replacement Project.

We thank the residents of Steubenville for their patience and understanding throughout this very important project as we work to improve our Water System. Motorists are advised to use an alternate route but if traveling through the construction area please allow extra time as delays are eminent.
