DATE: May 1, 2020

SUBJECT: CDBG 2020 Hydrant Replacement Project – Pleasant Heights

STEUBENVILLE – Starting May 4, 2020 contractors will begin the Hydrant Replacement Project as part of the CDBG Resurfacing Project. Contractors will be replacing 8 hydrants and installing two new valves as part of this work. This work is expected to continue until May 15, 2020. Areas that will be affected fall between Adams Street and Cardinal Avenue.

Due to the complexity of the Hydrant Replacement Project all residents in these areas may experience water quality issues such as Loss of Water, Low Water Pressure, or Water Discoloration. If you experience any of these conditions residents are asked to report the condition to the Water Filtration Plant at 740-283-6041. Please be aware that other Public notices may follow depending on any unforeseen circumstances.

We thank the residents of Steubenville for their patience and understanding throughout this very important project as we work to improve our Water System.
