SUBJECT: Water Main Valve Work – Intersection of Wilson Avenue and Lincoln Avenue

---

**STEUBENVILLE** – Tuesday May 26, 2020 City crews will be excavating 3 water main valves at the intersection of Wilson Avenue and Lincoln Avenue. Traffic will be reduced to one lane with the possibility of stopped traffic for 20 minute intervals during this project. This work will begin at 7am and will be completed by 7pm on Tuesday May 26, 2020. Motorist should exercise extreme caution and be attentive to the changing traffic conditions with in this area.

Due to the complexity of the valve work all residents in the areas of Wilson Avenue and Lincoln Avenue may experience water quality issues such as Loss of Water, Low Water Pressure, or Water Discoloration. If you experience any of these conditions residents are asked to report the condition to the Water Filtration Plant at 740-283-6041.

We thank the residents of Steubenville for their patience and understanding throughout this very important project as we work to improve our Water System.
